PROFILE SUMMARY

Passionate and dedicated BCA graduate with expertise in Full Stack Development, Software Engineering, and modern web technologies. Skilled in Python, PHP, MySQL, Power BI, HTML, CSS, JavaScript, and Database Management, with hands-on experience developing real-world projects such as Lead Management Systems and Accounting Management Systems. Proven leadership abilities through serving as Vice-President of the Environment Sustainability Club, where I strengthened teamwork, communication, and event management skills. Eager to apply my technical knowledge, problem-solving abilities, and continuous learning mindset to contribute.

EDUCATION

Prestige Institute of Management & Research, Gwalior

Bachelor of Computer Applications (BCA)

Aug 2023 – Jul 2026

- SGPA: 8.10

Kendriya Vidyalaya No. 3, Gwalior

Higher Secondary (Class XII), Science with PCM

Apr 2022 – May 2023

- Grade: 60%

Kendriya Vidyalaya No. 3, Gwalior

Secondary School (Class X)

Mar 2020 – May 2021

- Grade: 71.6%

TECHNICAL SKILLS

Programming Languages: Python, C, JavaScript, SQL, HTML/CSS, Bootstrap, JQuery, PHP, PHPMailer.

Web Development: MERN Stack (MongoDB, Express.js, React.js, Node.js), Responsive Design.

Data Analysis & Visualization: Python (pandas, NumPy, Matplotlib, Seaborn), Excel, SQL, Statistical Analysis, PowerBI.

Developer Tools: Git, GitHub, VS Code, MySQL, MongoDB, Sublime Text, Pycharm

Core Competencies: Full-Stack Development, Data Analytics, Database Management, Problem Solving.

PROJECTS

Hospital Website | HTML, CSS, JavaScript, JQuery, PHP, MySQL

2024

- Developed a web-based Hospital Management System to automate and streamline healthcare operations.
- Managed patient records, doctor information, appointments, billing, and medical history efficiently.
- Reduced paperwork, improved data accuracy, and ensured secure storage of healthcare data.
- Enhanced communication between patients, doctors, and hospital staff through a user-friendly interface.

Smart Recipe Book Website | HTML, CSS, JavaScript, JQuery, PHP, MySQL

2025

- Developed a Smart Recipe Book Management System using HTML, CSS, JavaScript, PHP, and MySQL to manage and organize recipes digitally.
- Implemented features to add, update, delete, and search recipes based on categories, ingredients, and cooking methods.
- Designed a user-friendly interface for storing recipe details, including ingredients, preparation steps, cooking time, and food categories.
- Enhanced recipe management efficiency by providing secure database storage, quick accessibility, and organized digital record keeping.

Network Signal Loss Analysis in Healthcare | Data Analysis (Python, pandas, NumPy, Matplotlib, ML, Google Colab)

2025

- Developed a data analysis project using Python to study the impact of heavy traffic on network signal loss in healthcare environments.
- Performed data cleaning, preprocessing, visualization, and data organization using Python libraries such as Pandas, NumPy, and Matplotlib.
- Applied machine learning techniques, including train-test-split and regression analysis, to model and evaluate network performance.
- Analyzed results using regression lines and R-square metrics, providing insights into network optimization for reliable healthcare communication and services.

Journal Management System | HTML, CSS, JavaScript, JQuery, PHP, PHPMailer, MySQL

2026

- Developed a Journal Management System using HTML, CSS, JavaScript, PHP, and MySQL to automate journal publication and research paper management.
- Implemented features for article submission, reviewer feedback, approval workflows, and publication management.
- Designed a secure and user-friendly interface to manage authors, reviewers, editors, and administrative activities efficiently.
- Improved record management and communication by reducing paperwork, streamlining workflows, and maintaining digital data securely.

ACHIEVEMENTS & LEADERSHIP

- Received **Web Development Outstanding Performer Award** from Skill Ladders (2025).
- Vice-President, Environment Sustainability Club.
- Former Attendance Coordinator, Environment Sustainability Club.
- Led sustainability awareness programs, events, and student engagement initiatives.
- Developed leadership, teamwork, communication, and event management skills.

CERTIFICATIONS

- **Data Science and Analytics** – HP LIFE.(2025)
- **Artificial Intelligence Fundamentals** – IBM.(2026)
- **Project Management Fundamentals** – IBM.(2026)
- **Power BI Micro Course** – SkillCourse.(2025)
